

# Busting the Retirement Lies: Living with Passion, Purpose, and Abundance Throughout Our Lives

REVISED AND EXPANDED THIRD EDITION Is it possible that everything you have been told about retirement planning is wrong? Is retirement dead? Perhaps not yet, but its on life support. The concept of retirement, as weve known it, is becoming a thing of the past. With the major economic, social, cultural, medical, technological, and employment shifts that have occurred in the past two decades, most everyone under the age of 100 now has to rethink what they thought retirement would be. Furthermore, the various financial planning industries are still looking at retirement through the lens of the 20th century. As a result, they are pushing products, services, and concepts that can actually reduce your chances for comfort in your later years. Busting the Retirement Lies is a quick read that is packed and to the point and which will transform your perspective on retirement. You will learn: Why saving enough is not enough How financial planners skew projections, creating false expectations Why and how conventional retirement strategies are changing And more eye-opening new realities But most of all, regardless of your current age, you will learn what you can do to best enjoy the rest of your life.
