

The Camelot Crusade

Camelot has collapsed. King Arthur has been slain and his body has sailed for Avalon. The remnant of the Knights of the Roundtable gather around the tomb of their captain, Sir Lancelot Du Lac. Among the final four Knights of the Table Round is Sir Galahad, the son of Lancelot. While lamenting the loss of their dear commander, Galahad has a vision of the Holy Grail. Compelled to quest for the Cup of Christ in Palestine, Galahad and his three companions get caught up in a crusade. What begins as a quest for a relic and to route heathens becomes a discovery of the true nature of God and the tolerance of other religions.
