

# Churchills Wizards: The British Genius for Deception 1914-1945

The real story of how Winston Churchill and the British mastered deception to defeat the Nazis - by conning the Kaiser, hoaxing Hitler and using brains to outwit brawn. By June 1940, most of Europe had fallen to the Nazis and Britain stood alone. So, with Winston Churchill in charge the British bluffed their way out of trouble, drawing on the trickery which had helped them win the First World War. They broadcast outrageous British propaganda on pretend German radio stations, broke German secret codes and eavesdropped on their messages. Every German spy in Britain was captured and many were used to send back false information to their controllers. Forged documents misled their intelligence. Bogus wireless traffic from entire phantom armies, dummy airfields with model planes, disguised ships and inflatable rubber tanks created a vital illusion of strength. Culminating in the spectacular misdirection that was so essential to the success of D-Day in 1944, *Churchill's Wizards: The British Genius for Deception 1914-1945* is a thrilling work of popular military history filled with almost unbelievable stories of bravery, creativity and deception. Nicholas Rankin is the author of *Dead Mans Chest*, *Telegram From Guernica* and *Ian Flemings Commandos*. This is a story clamouring to be told. We could not have imagined the scope of the inventiveness, the daring of these peoples imaginations ... I could not stop reading this book. Doris Lessing
