

Eivissa

2nd Edition When a handsome, comatose stranger washes ashore in a tiny boat on the sands of Spain's sun-kissed island of Eivissa, bar owner Demetrio Reyes thinks he's finally found his someone or has he? Demetrio lives the good life, putting his devastating past behind him and investing his money into a gay bar on the island of Ibiza, or as the locals insist on calling it, Eivissa. With celebrities and stunning, beautiful men in abundance on the hot-spot island, Demetrio is certain he's found a slice of heaven. Despite having no memory of his name or life, the rescued man seems attracted to Demetrio. After choosing the name Oceano, the Spanish word for the sea, he and Demetrio begin an impassioned affair that soon turns disastrous. Oceano may not be amnesiac. He may not be the good guy he seems to be, and he may not even be gay. First Edition published by Extasy Books, 2011
