

Everybody Wins: The Chapman Guide to Solving Conflicts without Arguing (Chapman Guides)

Every couple has disagreements. All too often, though, when we engage in arguments, our goal is not to resolve the conflict at hand, but rather, to win the fight. Unfortunately, when you win an argument, your spouse is the loser, and nobody wants to be or live with a loser. When you resolve a conflict, your spouse becomes your friend. Good marriages are based on friendship, not on winning arguments. Now, Gary Chapman provides couples with a simple blueprint for achieving win-win solutions to everyday conflicts and disagreements. By learning how to listen empathetically, respecting each others ideas and feelings, and understanding why particular issues are so important to their spouse, couples can find solutions that result not only in resolving the conflict at hand, but also leave both partners feeling loved, listened to, and appreciated.
