

International Cosmetic Ingredient Dictionary and Handbook, 10th Edition

The new 10th Edition Dictionary is essential for anyone who formulates, labels, or markets cosmetic and personal care products anywhere in the world. Completely revised and updated, the 10th Edition contains more than 1,400 new International Nomenclature Cosmetic Ingredient (INCI) labeling names and 10,000 new trade and technical names since the 9th Edition in 2002. This 4-volume publication lists nearly 12,000 INCI names and 55,000 trade and technical names - making the Dictionary the most complete listing of ingredients used in cosmetics and personal care products in the world. With the new 10th Edition, you can ensure that your company is using the most current, accurate, and up-to-date reference available.
