

Oceana: A True Story

When author Stephen Williams was seventeen years old and a senior at Oceana High School in Pacifica, California, an unusual series of events occurred that affected his life forever. Just when life seemed simple, an outcast brought complications into a friendship between two people and engulfed them in a world of the unexplained. *Oceana: A True Story* is about the author's life, his friends, and a classmate named Kenny who reveals a tale so strange that he must bind his friend to secrecy. The story goes beyond what we normally see and hear; it's about the unseen and spans forty years in one man's life. It will rivet you in a tale of true friendship, deception, mistakes, and love. While some may view life as a roll of the dice, Williams sees it much differently, and you'll discover why as you read his story. Make no mistake, this story will cause you to think about your own life and about how seemingly insignificant events influence who we become.

Oceana: A True Story is about the author's life, his friends, and a classmate named Kenny who reveals a tale so strange that he must bind his friend to secrecy. *MEGAN LEAVEY* is based on the true life story of a young marine corporal whose unique discipline and bond with her military combat dog saved many lives.
