

## Honorable Intentions (An Inspirational Romance Novel)

Have you ever wished you had a second chance with someone? Brand Stanford married Monica because she claimed to be carrying his child. Their marriage was one of convenience for her. When they had finally become a happy family, Monica was killed in a skiing accident. Now, Brand is faced with having to raise their three-year-old daughter on his own. Tessa Duggans family had been lifelong friends with the Stanfords; and even remained in contact with them after moving out of state. Tessa kept secrets to herself for nearly ten years. She loved Brand for as long as she could remember. Having raised a son on her own, Tessa knows what it's like to be a single parent. When Brand's wife dies in a skiing accident, Tessa agrees to help Brand's mother take care of his three-year-old daughter during the summer. Is it a chance for them to start over again? Or will Brand break her heart the second time around?
