Whether it's a friend, family member, neighbor, or coworker, chances are you know someone who's gay. You want to respond well, but you're not sure how. How do you help and encourage other Christians struggling with same-sex attraction? How do you interact with those who have embraced homosexuality as a lifestyle, both in and out of the church? Through his years of ministry experience, John Freeman offers timely wisdom for engaging with people who experience same-sex attraction, whether in your church or in your community. Using biblically grounded principles, he guides you in having meaningful, productive conversations with people you meet who are struggling in this area.
