

Living Religions: A Brief Introduction (3rd Edition)

Reflecting modern religions in today's changing world. *Living Religions: A Brief Introduction 3/e* presents a highly readable and stimulating concise survey of the modern religious world through an emphasis on the personal consciousness of believers and their own accounts of their religion and relevance in contemporary life. Along with a team of specialist consultants in each faith, and drawing on a wealth of scholarly research and firsthand source material, Mary Pat Fisher provides a fresh and challenging insight into the historical development and teachings of traditional faiths, indigenous religions, and new religious movements. She considers how the contemporary beliefs and practices of each of these traditions has evolved, and explores the changing nature of each religion; particularly the role of women, and the issues and controversies such as fundamentalism, violence, globalization, and interfaith initiatives.
