

## Beginnings in Ritual Studies

Beginnings in Ritual Studies lays the groundwork for the interdisciplinary study of ritual by broadening the conception of it and articulating its connections to a wide range of cultural activities. Accessible to scholars and students, Beginnings addresses such fundamental issues as definitions, types, and theories of ritual. The volume integrates field research and theory in considering rituals relation to religious, civil, medical, and theatrical dimensions of culture. The first and second editions garnered widespread praise from the scholarly community and became a standard work in the burgeoning field of ritual studies. In this third edition, Grimes adds a new preface and revises the descriptive and theoretical essays that form the core of the volume.

Beginnings in Ritual Studies lays the groundwork for the interdisciplinary study of ritual by broadening the conception of it and articulating its connections to a wide range of cultural activities. An updated primer for the burgeoning field of ritual studies. Price: 273 kr. Haftad, 2010. Skickas inom 3-6 vardagar. Koppenhet: 1. ISBN: 9780819122100.
