

The Fighting Little Judge: The Life and Times of George C. Wallace

For over a quarter century, George C. Wallace dominated the political scene in Alabama, like no other politician in the states history. On four separate occasions, he was elected Governor, and also orchestrated the election of his wife to the Governorship. As an ardent segregationist and advocate of States Rights, Wallace exploited the fears of racists and secured his power base. Wallace also made forays onto the national political scene, running for President on four separate occasions. Running as the nominee of the American Independent Party in 1968, he won more popular and electoral votes than any third party presidential candidate in history. Wallace was gunned down by a would-be assassin at the height of his national popularity, in May of 1972. Paralyzed and wheelchair-bound, he suffered from unremitting pain for the remainder of his life. After his near death experience, Wallace made an astounding turn around on matters of race, and eventually became an ardent supporter of racial equality. The Fighting Little Judge is a concise biography of George C. Wallace; one of the the twentieth centurys most colorful political icons. It chronicles his rise, fall, and redemption. Reading with the fast paced plot of a novel, the book is both educational and entertaining.

a feeble and crippled George C. Wallace ended his fourth and apparently final term But Wallace today was a far different figure than the fiery, bantam-sized At 67, the fighting little judge is more an object of curiosity than a center of attention.
