

Buddhist Psychology in Everyday Life

The Buddha didn't only teach ideas, he taught a method through which we may attain Enlightenment and invited people to come and try his method. The Pali Canon, the literature of Theravada Buddhism which is practiced in Sri Lanka, Thailand and Burma, contains many exercises that go back to the Buddha himself. This book is an introduction to the teaching of the Buddha in these early texts and the practices they recommend. In it exercises that go back to the Buddha himself become accessible to everyone. Joy Manné is a Buddhist scholar, a meditation teacher and a teacher and practitioner of conscious breathing techniques.

: The Trauma of Everyday Life (Audible Audio Edition): Mark Epstein A novel psychological perspective on the Buddha, though supported without The same Buddhist insight practices that lead to a liberated mind also foster psychological development.
